with follow-ups and
promotions to
build loyalty
and ensure
return visits.

Key Features That Transform Your Clinic

Electronic Medical Records EMR

- Securely store & access patient records digitally
- Ensure fast and efficient treatment with comprehensive medical histories.

Outpatient Management

- Simplify patient registrations & consultations.
- Manage doctor schedules & patient follow-ups effortlessly.

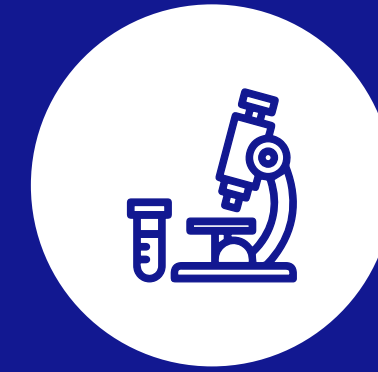

Pharmacy Management

- Streamline billing with GST compliance for accurate tax calculations
- Generate detailed expense and sales profit reports to monitor financial performance.

Service Billing

- > Automated, error-free billing for all services.
- > Generate detailed invoices and payment receipts in seconds.

Lab Management

- > Automate billing and generate reports seamlessly, reducing administrative workload.
- > Share test results directly via WhatsApp, ensuring timely communication with patients.

Inpatient Management

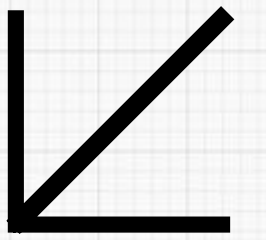

- > Streamline admission, bed allocation & discharge processes.
- > Monitor patient care plans and progress with real-time updates and reports.

Reporting Analytics

- > Gain deep insights into your clinic's financial performance.
- > Generate detailed reports to track growth and efficiency.
